FLORA OF OREGON

COLLECTED BY R. KENT BEATTIE

Symbols & Abbreviations

10264 *Thuja occidentalis*
var. ^{douglasii} *pyramidalis*

Dwelling, Plant Ind. Sta. Beltsville Md
Tree 25 ft high, columnar habit.
June 13, 1955 E. of Highway 1

10265 *Euonymus radicans*

Dwelling, Plant Ind. Sta. Beltsville
Md. 13 June 1955. E. of Highway 1
Climbing. (See no. 10267 for frt
same plant.)

10266 *Lycium chinensis*?

Escaped or naturalized.

Beltsville, Md. Pr. Georges Co.
along Highway 1, 100 yds n. of Pl.
Ind. Sta.

Straggly shrub, 2-3 ft. high, with
recurving branches. Petals
lavender with purple mark at
base. 25 Sept. 1955

10267 *Euonymus radicans*

(from same plant as no. 10265.)

Frt. pale green, splitting to release
seed with scarlet pulp.

26 Sept. 1955
S. Coll.

10268 *Lonicera maackii*

Plant Ind. Sta. grounds, Beltsville
near Hiway no 1

15 ft. high; flr. white; frt dull
red.

25 Sept 1955

S. Coll.

10269 *Thuja occidentalis*

douglasii
var. *pyramidalis*

Columnar habit. Dwelling

Plant Ind. Sta. E. of hiway 1

Tree 25 ft high.

27 Sept 1955 S. Coll.

10270 *Viburnum dentatum* L.

College Park, Pr. Georges Co. Md.

Abandoned estate, In shade of trees

18 ft. high; frt. blue black. Bark

very tough. 4 Oct 1955

S. Coll.

10271 *Cornus florida* L.

NW end of Plant Ind. Sta., near Hiway no

1. Bushy shrub, 15 ft high; frt shiny
red.

9 Oct. 1955

S. Coll.

10272 *Ilex opaca*

Plant Ind. Sta. near front entrance

S. Coll. N. Bldg. Frt dull red. 22 Oct 1955

10273 *Cotoneaster conspicua*
var *decora* Russell
Cask Russell

Plant Ind. Sta., S end N. Bldg.

2 ft high; flr pale red.

S. Coll. 23 Oct 1955 Flr. scarce this season

10274 - 10323

Plant Industry Station grounds.

Beltsville, Md. 1955

10274 *Taxus*

near front entrance, N. Bldg.

5 ft high; flr deep rosy pink.

23 Oct ~~1955~~

S. Coll.

10275 *Elaeagnus*

SE corner 1st greenhouse, trimmed
as hedge. 4 ft high; flr white
very fragrant.

23 Oct.

10276 *Taxus*

SW corner N. Bldg.

4 ft high, inflor. pale green

23 Oct.

10277 *Taxus?*

Front entrance N. Bldg.

5 ft high; flr rose pink.

10278 *Ilex opaca*

Back of N. end of N. Bldg.

10 ft high; flr pale orange red

29 Oct 1955

S. Coll.

10279 *Berberis*

near entrance N. road

3 ft high; flr shiny red.

29 Oct.

Same plant
as 10294

10280 *Euonymus kiauchowensis*

near entrance N roadway

8 ft high; flr. pale green

29 Oct.

see label

10281 *Viburnum*

N end N Bldg.

10 ft high; flr dark blue with
lilac bloom

29 Oct.

10282 *Juniperus?*

SE corner N. Bldg. 2 ft high, semi-
prostrate; Inflor pale green

23 Oct.

10283 *Magnolia*

N end N. Bldg.

29 Oct 1955

2

10284 *Pinus*

N. boundary of grounds. near N. Bldg.

20 ft high.

10 Nov.

S Coll.

2 10285 *Toxodinium?*

n. boundary of grounds, near Azalea
planting. Foliage bronze yellow.
8 ft high. 10 Nov. Deciduous ^{end}
of Nov.

10286 *Symphoricarpos?*

n. boundary of grounds ^{along road} opposite
n. Bldg. Among Berberis.
2 ft high, with lax drooping
branches; flt dull red.
S. Coll.

2 10287 *Ligustrum*

NE corner grounds, ^{behind} near gas
station. 15 ft high; flt dark
blue, gray bloom.
10 Nov.
S. Coll.

5 10288 *Viburnum?*

Same as 10287 15 ft high; flr.
white. 10 Nov.

H- on dead branch

1 10289 *Carpifol.*

NE corner grounds, behind dwelling
near gas station
10 ft high; flt shiny red. S. Coll.

1 10290 *Cornus florida* L.
Ditto local. From same plant as 10271
to show fall coloration
10 nov.

2 10291 *Cercis*
~~Ditto~~ N.E. ^{corner grounds} ~~boundary~~, behind gas
station
20 ft high.
10 nov
S. Coll

3 10292 *Sassafras albidum* (Nutt.) Nees
^{corner grounds}
N.E. ~~boundary~~, near dwelling
To show fall coloration, yellowish
bronze.
10 nov.

2 10293 *Quercus*
Ditto local
20 ft high; fall color pale bronze
Seed from ground
10 nov.
S. Coll.

2 10294 *Ilex opaca* Ait.
Behind Admin. Bldg., almost spineless
Frt pale orange red

8. Nov.

S. Coll

2 10295

S. end S. Bldg.

10 ft high 8 Nov.

S. Coll.

2 10296 *Lonicera*?

^{as a} Hedge along walk, back of S. Bldg.

Flr white, with pink blush outside

8 Nov.

2 10297 *Euonymus*

S. boundary, 100 yds from US 1
along road.

10 ft high

8 Nov

4 10298

S end S. Bldg. 10 ft high; lax
branches; flt brownish bronze.

~~to~~ 8 Nov.

S Coll.

2 10299

Ditto local

Shrub 8 ft. Lvs from basal shoot

Fl. cherry red

8 nov.

S. Coll.

4 10300 *Euonymus alatus* (Thunb.)^{Sieb.}
Ditto local.

Shrub 7 ft high; fl. Chinese red

S. Coll. 8 nov.

1 10301 *Euonymus japon.*

~~Ditto local~~ S. end, front Adm. Bldg.

Trimmed to four ft high. Fl. red
blush, seed enclosed in bright
red pulp.

8 nov.

S. Coll.

2 10302 *Taxus canadensis*
var. *pendula* Beiss.

Lawn back of Adm. Bldg. toward
greenhouses.

6 ft high, weeping habit

S. Coll.

Seed - JTB

2 10303 *Quercus*

Lawn betw. Adm. + N. Bldg.

Lv. yellow brown.

8 nov. S. Coll.

2 10304 Osmanthus ilicifolius Mouill.
Against wall N. wing Adm. Bldg
trimmed to hemisphere shape.
12 ft high; Flr white, fragrant
8 Nov.

3 10305 Acer palmatum
N end of N wing Adm. Bldg.
Fungus 14- on dead limb.
" 14- causing ^{severe} blight
of leaves. Same plant as
8 Nov. 10369
S. Coll.

2 10306 Quercus phellos L.
near N. wing Adm. Bldg, on lawn
Lv. pale bronze green.
8 Nov.

2 10307 Ilex opaca Ait.
var. Eleanor
Back of main part Adm. Bldg.
Frt dull red
8 Nov.
S. Coll

2

10308 *Pinus mugo*var *mughus* ZenariFront entrance S. wing of Adm.
Bldg.

3 ft high, globular habit.

8 nov.

S. Coll. Seed to J.T.B.

1

10309 *Pinus sylvestris* L.

S end S. wing Adm. Bldg.

8 nov.

S. Coll.

Seed to JTB

2

10310 *Picea rubens* Sarg.

Near S. wing Adm. Bldg.

15 ft. high

8 nov

S. Coll.

S to JTB.

2

10311 *Ilex opaca* Ait.var *East Palatka*

N wing Adm. Bldg.

Frt chinese reed

8 nov

S. Coll

2

10312 Buxus

Fr. Entrance S. wing Adm. Bldg.

Trimmed to globular shape.

Immature inflores. gray.

8 Nov.

1

10313 Quercus prinus^u L.

On lawn near S. wing Adm. Bldg.

Lvs. reddish bronze.

8 Nov.

S. Coll.

3

10314

Shrub, 5 ft, lax branches, curved downward; frt orange red.

(near water cooler, back of Adm. Bldg)

9 Nov.

S. Coll.

3

10315 Juniper?

Behind Adm. Bldg in clump with other ^{tall} species

30 ft high, columnar habit,

Fr blue with gray bloom

9 Nov

S. Coll.

3

10316 *Juniperus*

Ditto local.

Columnar habit

~~9/Nov~~ 9 Nov.

S. Coll.

2

10317 *Conifer*

On lawn, between Adm. Bldg

+ greenhouses

18 ft high

9 Nov.

2

10318 *Vaccinium corymbosum*?

near Superintendent's house

at edge of woods

Showing brilliant fall coloration

Small tree

9 Nov.

(Same as 10412)
16 ft

3

10319 *Juniper*

Along road near first n

greenhouse

Large tree, native

9 Nov

S. Coll.

2

10320 *Juniperus*

Along road, back of Adm. Bldg.

30 ft high, candelabra-like
branching; frt lilac gray bloom

9 Nov

S. Coll

3

10321 *Juniperus*

Ditto local.

med. tree, foliage silvery

gray

9 Nov

S. Coll

2

10322 *Juniperus*

Ditto local

Tree, 2 kinds needles, frt

gray (Seen also at Glen Dale)

9 Nov.

2

10323 *Thuja occidentalis*

^{douglasii}
var. *pyramidalis* Spaeth.

Near NE corner grounds near
entrance

Pyramidal habit.

11 Nov.

S. Coll.

Seed to JTB.

3

10324 *Lycium*

Beltsville, Md, along Highway
1, 100 yds n of Plant Ind
Sta.

± scaped? (From same
clump as no 10266) Frt
cherry red.

Rust (H-) moderate
infection
11 Nov.

3

10325 *Diospyros virginiana* L.

Entrance on U.S. 1 to property
n, adjoining P.I. Sta.

Large tree; frt 1-4 seeded.

(Collected after fall of leaves;
frts. dried on gauze.

11 Nov.

S. Coll.

10326 - 10341

Plant Industry Station grounds,
Beltsville, Md. 1955

3

10326 *Berberis*

Front, n. end R Bldg.

6 ft. high, long thin branches; frt red

11 Nov. S. Coll.

1 10327 *Ilex opaca*

Fr. entrance N Bldg.
~~Trial drying~~
1 ~~Dryed~~ with wax paper to retain
color of frt. - not successful.
11 Nov. 1955 (See 10328)

1 10328 *Ilex opaca*

With local Trial drying
and borax
with gauze, to retain color frt
seems better

1 10329 *Ilex*

near W entrance N. Bldg.
Trial Drying with gauze to preserve
frt color gave good results

2 10330

Shrub 2 ft.

N. end front N Bldg.

13 Nov

S. Coll.

2 10331

N. end front N. Bldg.

Shrub 3 ft. high; calyx lobes
pale reddish tinged

13 Nov.

S. Coll.

1 10332 Magnolia
N end N Bldg.
(Same tree as no 10283)
Winter buds
13 Nov.

1 10333 Symplocarpus
N. boundary of grounds, along road,
opposite N Bldg., among Barberis
(Same as 10286) Collected
for better color of fruit.
13 Nov.

2 10334
Ditto local. 1 plant with
enlarged nodes.
13 Nov.

2 10335 Cornus?
100 yds from N ^E entrance
on embankment along road.
6 ft high.

2 I 10336 Acer
on dead branch
NE corner grounds, behind
gas station
30 ft. high, caespitose branches, perhaps
due to pruning last few leaves from high
branch 13 Nov. S. Coll

2

10337 *Pinus*

NE corner grounds, near gas station

med. tree.

13 Nov.

S. Coll.

Driveway to ~~Specie~~ apartment
20, Nov. Wmstg. Va
S. Coll.

1
10362 *Ligustrum*
Lax branch 20 ft. high, frt blue black
Ditto local & date
S. Coll

1
10363 *Quercus virginiana* Mill.
"Live oak"
main st. Williamstburg, Va
1 block from entrance to Wm + Mary
College.
Small tree. 20 Nov. 1955
S. Coll.

10364 *Cotoneaster* ^{var. decora Russell} *conspicua*
S end N. Bldg. Plant Ind. Station
(Same ^{plant} as 10273) To show fall
coloration. (Dried with Borax)
26 Nov. and 10473

10365 *Pinus*

n boundary of grounds, near RA Bldg.
Dec 3 1955 (See as no 10284)

10366 *Roz.*

P.I.S., opposite foto lab.

Tree, spreading branches, trunk
8 in diam, 20 ft. high

Flr dull red-brown (Same plant as 10396)

Jan 30, 1956

10367 *Viburnum?*

P.I.S. back of gas station, on Hwy 1
shrub, 20 ft, caespitose stems

flr. white, no odor

Apr. 22, 1956

10368 *Magnolia*

PIS, n of gas station, near R
entrance from Hwy 1.

Shrub, globose 15 ft.

Flr. white, with pinkish tinge
at base of petals, faint spicy odor

Apr 22, 1956

10369 *Acer palmatum*
from same plant as no. 10305
Inflor. + lvs. dull maroon.
Apr. 25, 1956 Bushy shrub 8 ft
Fungus H-

10370
S end, front S Bldg. P. I. S.
Shrub 5 ft., brittle branches
Flr white
Apr 25, 1956

10371 *Ulmus*?
S. end, front, Main Bldg. P. I. S.
Tree 30 ft.
Buds + frts. pale green
Apr. 25, 1956

10372 *Pinus mugo*
from same plant as no. 10308
Apr. 25, 1956

10373 *Acer platanoides* L.
property
Front grounds of Farm Motel
adj. + n of P. I. S. (See 10656)
Tree 30 ft. globose habit
Inflor. Sup Green 62/2 R H S.
Apr 26, 1956 (also small plant behind)

at road greenhouses

10374 Acer

PIS, dwelling, east of Hiway 1

Large tree 40 ft DBH 3 ft

Apr. 27, 1956

10375 - 10397 PIS. Apr. 28, 1956

10375 Cercis

Same plant (?) as last year.

Flr. Brilliant purple rose.

Single plant. About 10 ft. high

compact as cfr. to open branching
of the others behind this.

Behind gas station.

10376 Cercis

near 10375 ^{behind} many plants Shrub 15 ft
Cespitose, flr. pale rose shading to
pink at base.

10377 Cherry

near 10376 Shrub 20 ft. buds rose
petals white, with pink tinge
(as per old frt.)

10378 Halosia

10338

Same plant as last yr. Fls.
greenish with brown marking.

10379 Sassafras

Same plant as 10291

Fls. yellow green

10380 Cornus florida L.

Same plant as 10290.

Petals (?) cream tinged with red

10381 Berberis

~~(Same plant as 10290)~~

NW corner S Bldg. 6 ft high
fls. bright yellow, musty odor.

10382 Platanus

(Same plant as 10339) Inflores.
bronz.

10383 Syringa

Road opp. S Bldg. toward SE.
entrance to PIS. Shrub. 10 ft., fls.
lavender outside, lilac inside

10384

Road near SE entrance PIS.
Low shrub, globular, 2 ft. Flr
dull white.

10385 Rose

S end S Bldg. Shrub 6 ft.
Cespitose, Flr. white.

10386 Rose

(Same plant as 10366) Flr
deep rose fading to pink

10387 Magnolia

along walk below Abies
pendula. Slender shrub, 10 ft.
Flr white.

10388 Prunus?

Opposite the Abies pendula.
8 ft high, weeping habit.
Petals pale pink

10389 Prunus?

S. end S Bldg. Prostrate, 2 ft high
Flr. white, cream tinge
(Spiny? - go see)

10390 Quince

Same as 10389 except flr. rose color
(See ^{old} 10665) (see ^{same} 10665)

10391

Same as above but flr. salmon
(See old fit.)

10392

Sed S Bldg. Slender shrub, 8 ft
high. Flr. white & faint ^(or musty?) spicy
odor, faint lavender tint. (See 10666)

10393

Field PIS. E. of highway 1.
Tree 20 ft. flr. rose.

10394

(Same loc. as 10393)

8 ft. high, flr. pink in bud, white
with pink tinge when open.

10395

(Same loc. as 10394) Crab? see old
fit. Tree 10 ft. flr. double, pink.

10396

(Same loc. as above) Small tree
Fl. pink in bud, white when open.

10397 Cherry

(See old frt.) near house, gas station
path to Hiway 1. Large tree.

Diam B.H. 2 ft. flr. white. (See 10661)

10398 Berberis

(Same as 10279) Apr. 29, 1956

Fl. pale cream, sepals red-
marked as also outer petals.

10399 Cult apple.

Front Sailer House. 25 ft
high DBH. 16 in. Fl. white
tinged pink. April 29.

10400 Prunus

Field of PIS, E of Highway 1. 10 ft.
Buds pink, petals white with
pale pink tinge

10401 Roz.

Same field but NE corner

3 ft. high, weeping habit... Buds
pink, petals white with pink
stain.

10402

P15. along road S of S. Bldg.

Bush 3 ft. Inflor. nodding + terminal
Flr. white. May 4

10403 Quercus

P15 N end main Bldg. near Jap
maple May 4 Small tree

10404 Quince

P15 behind gas sta.

20 ft high flr pale pink May 4

10405 Cercis

Same loc. 15 ft high (several plants)

open branched. Flr. pink lavender,
standard very pale lav. tinted
May 4

10406

Ditto loc. Shrub 20 ft high

Flr. white, faint musty odor May 4

10407 Hydrangea

ditto loc. (see also last fall)

15 ft high, flr. cream, bracts
off-white. May 4

10408 Lonicera

Ditto loc. Bushy ^{dense} 10 ft high, 15 ft dia

Flr white with pale pink tint.

May 4

10409 Cornus

Ditto loc. Shrub 20 ft, bracts

pure white. May 4

10410

ditto loc. Shrub 15 ft. flr. white

May 6

10411 Sassafras

PIS Common edge woods

n boundary of grounds, near

Vaccinium. May 6.

Inflor. pale green yellow.
scanty Shrub to 15 ft

10412 *Vaccinium*

(Same as 10318)

ditto loc. (collected last fall for
red fol.) 6 ft high. flr pale gray
green May 6

10413 *Picea abies*

P15 S end + back of H Bldg.

Corner tree nearest my office

1st yr of fruiting May 7

Spec sprayed with Krylon after
drying to prevent fall of leaves

10414 - 10416

Glenn Dale Azaleas, Clonal band.

N. Arb. May 4.

↑ ^{only} When flr. differs from original
description. Notations are made

10414 Reward

10415 Swagger?

But see orig. description. This is
pink and so could not be the
spot. Perhaps mixed label

10416 Modesty

10417 Cercis

PIS ^{behind} near dwelling at gas sta
near path + Cornus florida
small scanty shrub. May 6

10418-10438 Glenn Dale Hybrids

Clonal Garden Nat Arb. May 14

All spec. cfr. orig. descript. +
Ridgway. My notes represent
supplementary information, or
in some ^{clones} do not agree with
orig. in which case may be
due to mislabeling

10418 Andros

Faint, self dots upper lobes

10419 Pixie

Between Spinel Pink + Spinel
Red

10420 Templar

10421 Chameleon

10422 Kellamney

10423 Scherzo

Spec is the sport

10424 Allegory

10425 Punchinello

Also occasional Rosolane
Purple stripe or flake

10426 Glacier?

This side by side with Vestal
but both exactly alike(?)

Neither one is Glacier because
this spec. is white with pale
greenish blotch upper lobes,
dots same color. Margins
ruffled 1-3 in head, 2-2 1/4 in.
diam. (see Vestal no. 10441)

10427 Merlin

Upper 3 lobes, flaked with
conspicuous magenta.

Ground color is rosy lavender,
1-3 in head; flr. ca 2-2 1/4
in. diam

10428 Litany

10429 Glee

and sports have same blotch
but pale lavender center
with lav. margins

10430 Red-bird

10431 Gladiator

10432 Darkness

To my eye is lighter than
Pompeian Red.

10433 Trouper

10434 Beacon

a little darker than Rose Doree

10435 Quakeress

markings coalesce to make
broad stripes and then are
Phlox Purple

10436 Zulu

mallow Purple

10437 Juneglow?

Hose-in-hose, betw. Geranium
Pink + Begonia Rose, 1-2 in head
1 1/2 diam, blotch of Scarlet
Red dots

10438 Warrior

10439 - 10472 Glenn Dale Hybrids
ditto loc. May 16

10439 novelty

10440 aviator

Spot is solid Eugenia Red

10441 Vestal?

How differ from Glacier?
(10426) which see.

10442 Rosalie

10443 Ranger

10444 Galaxy

(later - no sanding)

White, with chartreuse
blotch but no sanding of
Light Phlox Purple - but
look at plant again + later

10657 *Diospyros virginica*

PIS, 50 yds from NE entrance
along road. (Frst coll. last year
Corolla
no. 10325 → June 9 1956

10658

ditto loc. Several plants. 8 ft high
Flr white, faint musty sweet
odor.

10659

PIS back of gas station
Shrub, glabrous 8 ft high
Flr. double, outer petals with
median red markings

10660

PIS n. end, front, N Bldg. among
other shrubs. 3 ft high, flr. close
to Tyria Park. June 10, 1956

10661 Prunus

"cherry" Same tree as 10397
on path along house of gas stat. Tree
on Hwy 1. June 16
Frt dark red when ripe. Good
flavor

10662

n end n. Bldg. PIS. June 18/1956
2-3 ft high, branches flexible
decumbent i.e.  Flr.
lighter than Aster purple

Rose color to
fading to white. Inf. flat-topped.

10663 Verbascum blattaria

SE entrance from Hiway 1

1 plant near clump of orn.

shrub. Flrs. fading + shedding
after 1 day.

June 18, 1958

3 stems from 1 root.

10664 -

S end S Bldg PIS June 20 1958

10664 S

Shrub 6 ft. frt coral color.

10665

Quince (Same plant as 10390)

10666

(Same plant as 10390)

10667 Ligustrum

Shrub S. end of Snack bar, U of
Maryland, on Hiway 1. Aug 22 1958
Globose shrub, 15 ft high.
